

The selection results for the HSP Huygens scholarships are available!

The HSP evaluation committee, appointed by the Minister for Education, Culture and Science, has now completed its assessment of the applications. The committee selected 162 of the 1,112 applications for the award of a HSP Huygens scholarship. A further 34 reserve candidates were also selected.

There are two lists below. The first list contains the names of all the candidates who have been awarded a HSP Huygens scholarship. The second list shows the names of those who have been selected as reserve candidates.

If your name is not on one of the lists, it means you have not been selected for a scholarship. The quality of this year's applications was generally of a high standard, but we are unable to award scholarships to all applicants because of the limit on overall funding imposed by the Minister for Education. This year we were only able to award scholarships to 14% of all applicants.

You will be informed personally of the selection result in due course by letter. Please wait for the letter before contacting us with any questions you may have.
